

TO DETERMINE ON SITE AT MEETING

JAIL BUILDING COMMITTEE HOPE TO LOCATE PLACE FOR NEW BUILDING TOMORROW.

Will Hold First Session With Architect, Who Will Have First Draft of Plans Ready.

According to present plans the location of the proposed \$75,000 county jail will be decided upon at a meeting of the special building committee to be held at the court house tomorrow.

The site has been one of the important questions with which the committee has been wrestling. At first there was considerable talk relative to placing the building on some tract away from the court house square. Later this was abandoned and it was determined to construct the building in the same block, but the exact place on the square has not been agreed upon.

Some have agitated that it be placed on the northwest corner, which faces Second avenue and Fourteenth street. Others have expressed themselves as being in favor of it facing Fourteenth street and in the middle of the block between Second and Third avenues.

First With Architect.

The meeting tomorrow will also mark the first conference between the committee and its architect, C. D. McLane. Mr. McLane will likely have rough plans to present, which will form a basis upon which the body will outline the building.

It is hoped that the plans will be entirely completed and ready for final approval of the board of supervisors when it meets here in March.

Democrats Will Caucus Thursday—A democratic caucus for the purpose of selecting a candidate for alderman of the Sixth ward will be held at Tom Marinar's barber shop, 902 East River street, at 8 o'clock next Thursday night, according to a decision reached by party leaders. A record "turn-out" is expected. Whether or not those in attendance at the caucus will place a candidate in the field is a matter for conjecture. The democrats contend that William G. Noth has been duly and legally elected to the vacancy caused by the death of Alderman Steve Bawden, and it has been rumored that there is no intention of naming another man, party members taking the view that such a course would constitute a tacit admission of Noth's non-election.

Shoots Pair of Park Buffaloes—A bull and an elk buffalo at Fejervary park were shot by Emil Berg of Berg Bros. at the request of Commissioner Goehm at the park. In shooting the animals Mr. Berg demonstrated again the truth of the statement of Colonel W. F. Cody (Buffalo Bill) that "the rifle was never made that would shoot a bullet which would penetrate the forehead of a buffalo." After disposing of the elk by a clean shot in the heart with a 22-calibre high power Savage rifle, Mr. Berg then prepared to shoot the bull. Standing a few paces away he shot at the animal's head. The bullet merely caused a slight stamper, however. He used a 30-calibre military rifle. He fired a second shot at the bull, this time shooting at the heart and the big animal fell. Mr. Berg has had a great deal of experience in hunting animals and he usually brings them down with the first shot. "This is the second bull I have tried to kill by penetrating the front of the skull," he said. "It seems that the heavy matting of hair offers the resistance which prevents the bullet from entering the front of the head." The elk and buffaloes killed have been purchased by Ed. Brehmer, August Martzahn and Emil Matson. The three additional buffaloes to be killed have also been purchased by the same gentlemen. The meat will be placed on the market shortly, to be distributed among the number of local butchers.

The couple was married in Muscatine April 5, 1899, and lived together until Jan. 1, 1913. Mrs. Philippsen asks for the custody of the three children, Henry, aged 10; Helen, aged 8; and Ernest, aged 4, and asks that the defendant be barred from all interest in property owned by her.

THREE STATES TO PURSUE DARNELL

ILLINOIS, WISCONSIN AND MINNESOTA MAY PROSECUTE UNDER MANN ACT.

Chicago, Ill., Feb. 17.—Prosecution of Rev. James Morrison Darnell, the "marrying parson," under the Mann act may be conducted in Illinois, Wisconsin and Minnesota. Following his arrest Monday on charges of violating the white slave traffic act the government announced that Darnell will be removed to Milwaukee for trial before Judge Geiger in the United States district court.

District Attorney Charles F. Clyne said the government is determined to push the prosecution. Should it develop that the case in Milwaukee is not strong enough then he will be placed on trial in Chicago. Prosecution in St. Paul is the third alternative.

Darnell is charged with transporting Miss Ruth Soper of Owatonna, Minn., from Owatonna to Chicago and from Chicago to Kenosha.

It was rumored in the federal building that Miss Soper had turned against Darnell and that the government would get her as the chief complaining witness. It is understood that she is under surveillance.

Subsequently Darnell became pastor of a church in Kenosha, Wis., and while there he lived with Miss Soper as his wife. They have one child. He is alleged to have contracted two common law marriages and one legal marriage with as many young women.

A marriage license to wed Miss Soper was issued to Darnell at Crown Point, Ind., on Monday. They were not married, however.

Darnell was arrested by special agents of the department of justice as he was leaving the office of Richard J. Cooney, his lawyer, in the Ashland block. The arrest took Darnell completely by surprise.

Unable to furnish a bond of \$5,000, Darnell was taken to the county jail. United States Commissioner Mason continued his hearing until Feb. 25.
